

The Arosa (RINK and ROOMS)

To many in the skating world this means something unique and essentially associated with "Richmond."

The Rink has now been established many years and has been the scene of activities so numerous and varied that it would be difficult to mention all.

Whilst not wishing to detract from the interest of films and their producers, it may be of interest to know that the Arosa Rink has been the scene of many shots connected with leading films, the latest of which was "The Man Between" in which James Mason and Claire Bloom, among others, starred. We mention these two as much was seen of them in weeks preceding, whilst they were here perfecting their skating under the expert guidance of Arnold Gerschwiler, ably assisted by Betty Callaway. Other uses to which this private rink has been put are Club parties, Birthday parties. Advertising shorts, auditions, etc. Being separate to our main surface—if you have any ideas—please let us have your enquiries.

just give it a thought; artistically decorated in a Swiss setting, licensed bar and catering facilities; it is just the thing for an intimate affair.
